Council Recruiting in Today's Age—Online Prospect Form

An Online Prospect Form is a digital sign up sheet that captures a prospect's contact info for your council AND automatically sends them a personalized, informational email that your council helps create. The prospect will continue to receive personalized emails educating them on the Knights of Columbus, while your council continues to recruit them into your council. Every council should utilize this tool.

- Fits perfectly into the current and future recruiting strategy
- No need to use the Form 100 while recruiting
- Access via phone, tablet, or computer
- Invite prospects to Admissions (First) Degrees
- Invite prospects and their families to service projects and faith & social events
